Keep data security at your fingertips with the Fingerprint Secure USB drive. Using your fingerprint and powerful hardware-based 256-bit AES encryption, this drive keeps your data safe from unauthorized access, without you having to remember a password. Able to register up to 6 fingerprints, the Fingerprint Secure drive comes with a user management app, letting you manage your fingerprint access with ease. The USB 3.0 interface offers faster data transfer speeds versus USB 2.0 making it easy to transfer multiple files at once or larger files without error.

- 256-bit AES hardware data encryption secures confidential data
- Hardware-based encryption means all encryption is done on the drive – your data is safe even if your drive is stolen
- Fast hardware encryption lets you get up and go
- Unlock using just your fingerprint with no password required
- Register up to 6 fingerprints
- Includes user management application to manage fingerprint access
- USB 3.0 performance with USB 2.0 compatibility
- Limited lifetime warranty
