Capacity/Speed	50GB/8X
Brand	Verbatim
Surface	Branded

Want to record HDTV programs or back-up your entire photo or music collection?

Verbatim offers BD-R DL media that stores up to 50GB of HD content. Using blue-violet laser technology, this Blu-ray disc can handle up to 1080p resolution and multiple audio formats – perfect for HD video and surround sound. And, all Verbatim Blu-ray discs are treated with a super hard coat to prevent scratches, resist fingerprints and reduce dust build-up.

Compatible with the latest Blu-ray hardware like Sony, Pioneer, Panasonic and LG, the Verbatim BD-R DL media offers you high-capacity storage with the high-definition experience you expect.

- **High-Definition** – Blu-ray discs are designed especially to store large HD video and audio files. So, you'll use fewer discs when you're backing-up, recording or duplicating high definition digital recordings - including your music library.
- **Hard Coat** - All Verbatim Blu-ray discs are treated with a super hard coat to prevent scratches, resist fingerprints and reduce dust build-up.
- **Laser Technology** – Verbatim Blu-ray discs use blue-violet laser technology to read and write data. That means, superb resolution, excellent contrast, vivid colors and amazing sound.
- **Capacity** - The Verbatim double-layer Blu-ray disc offers up to 50GB of storage space to back-up your video, music, photos and more.
- **Recordable** – This double-layer Blu-ray disc is designed for one-time recording and should be used with BD-R hardware.
- **Compatibility** – Verbatim Blu-ray discs are compatible with the latest Blu-ray hardware from leaders in the market like Sony, Pioneer, Panasonic and LG.
- **Warranty** – All Verbatim Blu-ray discs are backed with a Limited Lifetime Warranty and a 40-year history of quality and reliability.
