

M DISC BDXL 100GB 4X with Branded Surface - 1pk Jewel Case (98912)

Reorder Number	98912
Pack Size	1 pk Jewel Case
Capacity/Speed	100GB/4X
Brand	Verbatim
Surface	Branded

Verbatim M DISC™ optical media is the new standard for digital archival storage. Unlike traditional optical media, which utilize dyes that can break down over time, data stored on an M DISC is engraved on a patented inorganic write layer – it will not fade or deteriorate. This unique engraving process renders these archival grade discs practically impervious to environmental exposure, including light, temperature and humidity.

ISO/IEC 16963 standard longevity tests have proven the durability of M DISC technology, and it withstood rigorous testing by the US Department of Defense. Based on ISO/IEC 16963 testing, M DISC media has a projected lifetime of several hundred years.

Designed for widely distributed large data such as scientific images, video, and other commercial application object data, Verbatim M DISC BDXL media have a storage capacity of 100GB – allowing you to use fewer discs while archiving your files.

- Projected lifetime of several hundred years (based on ISO/IEC 16963 testing)
- Stored data is engraved – ultimate archival solution
- Impervious to environmental exposure, including light, temperature and humidity
- Withstood rigorous testing for durability by US Department of Defense
- 100GB storage capacity
- Compatible with BDXL optical drives
- 10-Year Limited Warranty

Packaging Information			
L x D x H (In)	5.56 x 0.38 x 4.88 (14.12 x 0.97 x 12.4 in cm)	Weight (lbs)	0.19 lbs (0.09 kg)
UPC#	02394298912 7	Unit Quantity	1 pk Jewel Case
