

# Dual USB Drives

Dual USB drives facilitate data transfers between mobile devices and PC's, allowing you to back-up files from your phone or tablet, quickly and easily. Dual USB drives also provide additional storage space for our mobile devices – with a simple settings change, you can record video or save photos, music and more directly to the USB drive. For even greater flexibility, you can access content stored on the USB drive without loading onto your device. Dual USB drives are available in a variety of formats to suit different device connectors.

## Store 'n' Go Dual USB 3.0 Flash Drives for USB-C™ Devices

Verbatim's Store 'n' Go Dual USB Drive for USB-C Devices allows you to transfer content simply and quickly between your USB-C device, such as USB-C smartphones or USB-C laptops, and USB Type-A devices.

Part No.	Description
99153	16GB Store 'n' Go Dual USB 3.0 Flash Drive for USB-C™ Devices
99154	32GB Store 'n' Go Dual USB 3.0 Flash Drive for USB-C™ Devices
99155	64GB Store 'n' Go Dual USB 3.0 Flash Drive for USB-C™ Devices

### What is USB-C™?

USB-C or USB Type C is the newest USB type starting to trickle into the market. Size-wise, it is about the same as a Micro-USB plug but the similarities end there. Similar to Apple's lightning connector, USB Type-C connectors are reversible - meaning there is no "right-side up" when plugging the connector into a port. Also similar to the lightning cable, USB-Type C ports are capable of delivering power in addition to transferring data. This is a device-dependent feature, however, so look for this option in the specifications of your device.

## Store 'n' Go Dual USB 3.0 Flash Drive for Apple Lightning Devices

Featuring Verbatim's free Store 'n' Go app, available from the app store, the Store 'n' Go Dual USB drive allows you to transfer files between your Apple device and USB-equipped PC.

Part No.	Description
49304	16GB Store 'n' Go Dual USB 3.0 Flash Drive for Apple Lightning Devices
49300	32GB Store 'n' Go Dual USB 3.0 Flash Drive for Apple Lightning Devices
49301	64GB Store 'n' Go Dual USB 3.0 Flash Drive for Apple Lightning Devices

## Store 'n' Go Dual USB Flash Drives for OTG Devices

Transfer files quickly and easily using Verbatim's Store 'n' Go Dual USB Drive for OTG Devices. Featuring a microUSB connector, compatible with many devices such as Android smartphones and tablets, and a USB Type-A connector, making file transfer simple, as well as instantly adding storage to your microUSB device.

Part No.	Description
99138	16GB Store 'n' Go Dual USB Flash Drive for OTG Devices
99139	32GB Store 'n' Go Dual USB Flash Drive for OTG Devices
99140	64GB Store 'n' Go Dual USB Flash Drive for OTG Devices
