

Product Highlights:

- 6 bays to use with Lexar Professional Workflow Portable SSDs and Readers to customize your workflow
- Thunderbolt™ 4 accelerates your workflow to 40Gbps for fast, efficient offloads
- Pair with Lexar Workflow Portable SSDs to back up content simultaneously on multiple drives
- Supports the latest CFexpress Type B 4.0, CFexpress Type A 4.0, and UHS-II SD and microSD cards
- Daisy-chain up to 6 docks and connect via Thunderbolt 4™ to view 8K on your supported display (or two 4K monitors)
- Solid, aluminum design offers excellent heat dissipation, scratch-resistance, and a built-in fan
- Also includes a 140W GaN charger with replaceable plug

Your Workflow Reimagined

The Lexar® Professional Workflow dock is built to exponentially accelerate your post-production process. Customize the 6-bays with reader and SSD modules to precisely suit your needs. Thunderbolt 4 connectivity delivers amazing 40Gbps speed and supports 8K display to supported monitors. All six bays can work simultaneously to further maximize productivity and a thoughtful design offers heat-dissipating, scratch-resistant aluminum housing, high-efficiency airflow channels, extra USB-C and USB-A ports, and a built-in fan to maintain maximum performance.

Customize Your Solution. Mix and match up to six reader and portable SSD modules to create the ultimate workflow for your post-production process and daisy-chain up to 6 docking stations for even more possibilities.

Built for Performance. Accelerate your workflow with two 40Gbps Thunderbolt 4™ bays and four 10Gbps bays for fast, efficient offloads.

Save Time with Simultaneous Offloads. Pair with Lexar Workflow Portable SSDs to back up content to up to six drives at once. Note: Maximum speed is up to 1050MB/s when pairing the Lexar Workflow Portable SSD with Workflow.

Compatible with the Latest Memory Card Formats. The Professional Workflow dock is compatible with Lexar Workflow SD/microSD UHS-II Card Reader, Workflow Dual-Slot SD UHS-II Card Reader, Workflow CFexpress 4.0 Type A Card Reader, and Workflow CFexpress 4.0 Type B Card Reader and Workflow Portable SSD Drives.

Designed to Do More. With 6 bays, extra USB ports, the ability to daisy-chain multiple docks and connect to supported displays to edit in 8K (or two 4K monitors), plus a 140W GaN charger, the Workflow dock was thoughtfully designed to address your post-production pain points.

Cool Factor Included. From heat-dissipating, scratch-resistant aluminum to its built-in, temperature-sensitive dual-phase fan, the Professional Workflow Docking Station is made to fast-track your workflow.

For more than 28 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives, and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹ All modules are sold separately

² Speeds based on internal testing on devices that support USB 3.2 Gen 2x2; performance may be lower depending on host device, interface, usage conditions, and other factors. Due to device limitations, the speed achievable on Workflow may not reach the maximum speed

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
