

Metal Executive USB Flash Drives

Designed for the most discerning of USB drive users, the Verbatim Metal Executive is the ultimate in sleek sophistication. This drive features a seamless, high-quality metal enclosure with fully encapsulated Chip On Board (COB) technology for water resistance and enhanced reliability. The Metal Executive is an ideal file transfer and storage solution for business and IT professionals, or other users who prefer the premium look and more substantial feel of a genuine metal enclosure. The Metal Executive USB Drive is backed by Verbatim's Limited Lifetime Warranty.
