

Screen size 14"

Compact and versatile

High-definition

In-Plane Switching Technology

Expanded Viewing

The Verbatim Portable Monitor provides an extra, high-definition experience for all of your work or entertainment needs.

As a second screen for your laptop or as an additional display for your phone, tablet, or portable gaming system*, this portable monitor has in-plane switching technology (IPS) that provides crystal clear color and image display. In addition to the IPS technology, this high-definition monitor is so convenient – with a 14” display screen only weighing a little over a pound and a slim profile - it fits easily in any travel bag! The built-in kickstand and tilt features only add to the convenience of this second monitor.

The Verbatim PM-14 Portable Monitor is an ideal solution to help you overcome on-screen limitations, anytime and anywhere.

* Ensure your device has a USB-C port supporting DisplayPort Alt Mode and power delivery
