

# USB-C™ Mini Optical Travel Mice

Go Mini! The USB-C™ Mini Optical Travel Mouse works great on the go! Featuring USB-C connectivity, the ultra-portable design takes up little space and is perfect for use with your USB-C equipped notebook. No need to wrap the cord around the mouse or deal with tangles, the USB-C Mini Optical Travel Mouse features a convenient retractable USB cable. On a plane or in a car, on the bus or on the train, this tiny mouse is the perfect accessory for business travelers, students and more!
