

Ergo USB Drives

Features & Benefits

- Ergonomic design for in-hand comfort and no cap to lose
- USB 3.0 version offers USB 3.0 performance with USB 2.0 compatibility
- Chip-on-board (COB) design for enhanced reliability
- Password protection software available for download*
- Includes lanyard for easy attachment to keyring
- Limited lifetime warranty

*Works with Windows operating systems only

The Verbatim Ergo USB drive is the ideal combination of in-hand comfort and trusted data storage technology. The ergonomic design is easy to grip and the one-piece design means there's no cap to lose.

The Chip-on-board (COB) design enhances reliability so you can trust this drive for years to come. And password protection software* keeps your data safe, even if your drive is stolen.

Verbatim Ergo USB drives are also available in a USB 3.0 version. The USB 3.0 interface offers faster data transfer speeds versus USB 2.0 making it easy to transfer multiple files at once or larger files without error.
